

STEVE BISHOP

AI & Full-Stack Software Engineer

SKILLS SUMMARY

- **Web Development:** Extensive experience in web development from traditional ASP to modern Node.js frameworks, including Nuxt (Vue) and Strapi (MongoDB). Proficient in responsive web design.
- **Database Management:** Skilled in MySQL, SQL Server, and NoSQL databases, with hands-on experience in database optimization and informatics analysis.
- **DevOps & CI/CD:** Proficient in deploying Node.js applications using CI/CD pipelines within Docker containers. Experienced in administering Splunk for logging and debugging in AWS environments.
- **Statistical Software Development:** Strong background in statistical analysis using SAS.
- **Continuous Learning:** Committed to staying current with web technologies through ongoing education Vue, React, Nuxt, Next, AI.
- **Analytical Skills:** Excellent problem-solving abilities with a focus on troubleshooting production issues and optimizing application performance.
- **AI Development:** Home-based AI designing workflow development using model data.
- **Team Collaboration:** Strong team player, providing support and mentorship to colleagues to achieve project goals.

TECHNICAL SKILLS

Web Technologies: Node.js, Nuxt, Vue, Strapi, Pinia, HTML5, CSS, JavaScript, XML, jQuery, AJAX, ASP, PHP, Perl/CGI

Databases: MySQL, SQL Server, MongoDB, Oracle, GraphQL

Operating Systems: Windows, Linux, Unix, Docker

Software Tools: SAS, VBA, C#, Visual Studio, Visual Studio Code, Splunk, Python

Version Control: Git, CI/CD, npm, conda

Design Tools: Photoshop, GIMP

Office Suite: Microsoft Word, Excel, PowerPoint, Outlook

Industries: Insurance, Manufacturing, R&D, Advertising, Consulting, Retail, Federal, Non-profit

Agile Methodologies: Certified SAFe Software Engineer (2021)

PROFESSIONAL EXPERIENCE

HDMS, an Aetna/CVS Company

Jan 2010 – Present

Senior Software Development Engineer

- Developed Node.js applications using Nuxt (Vue) and Strapi (MongoDB) to create a content management system for report generation tools.
- Created a metadata management tool utilizing Node.js, Nuxt 3, Vue 3, MySQL, and Sequelize.
- Deployed Node.js websites with CI/CD pipelines in Docker containers, enhancing deployment efficiency.
- Generated reports for clients to measure insurance program efficiency using SAS and PDFtk.
- Designed and maintained internal web applications for report generation using PHP, MySQL, MongoDB, Nuxt, and Vuex.
- Provided project estimates and timelines, ensuring on-time and under-budget delivery.
- Assisted team members with troubleshooting and debugging production issues, meeting contract obligations.
- Adopted and integrated new technologies, including Exceed, Node.js, and CI/CD practices.

TEK Systems

Apr 2007 - Jun 2009

API Developer for Proctor and Gamble

- Developed APIs to connect Oracle shipment data for in-store promotions, improving data accessibility.
- Managed Windows servers and maintained development and production environments.
- Collaborated with vendors to procure RFID equipment, resulting in significant cost savings.
- Implemented a Perl API to extract shipment information, saving \$12,000 in development costs.

TEK Systems

Jan 2007 - Apr 2007

Web Developer for Proctor and Gamble

- Enhanced a search engine application (ASP) by applying site templates and ensuring cross-browser compatibility.
- Designed site graphics and color schemes using Photoshop, improving user experience.

Bridge Worldwide

2004 – 2006

Associate Programmer

- Developed front-end and back-end solutions for packaged-goods clients using CGI, Perl, and DB2.
- Configured websites, including domain registration and DNS setup on Windows 2000 servers.

Meritage Technologies

1999 – 2001

Systems Analyst

- Consulted with clients to develop e-commerce websites using ASP and SQL Server.

EDUCATION & CERTIFICATIONS

- **Certified SAFe 5 Agile Software Engineer** (Dec 2020 - Dec 2021)

- **Mobile Device Application Development One-Year Technical Certificate**

Lorain County Community College, Elyria, Ohio (2019)

- **Bachelor of Science in Business Administration, Marketing**

University of Dayton, Dayton, Ohio (1991)
